

From Wisconsin Waters to Your Plate

Fishing for Dinner

Are you interested in sustainable, local foods?

Do you want to help people who missed the fishing boat as kids, connect with their local fisheries?

Sign up for Angler R3 instructor training workshops and get certified to teach others fishing skills and where to find fishable waters close to home.

At these workshops, we'll share tips and best practices on teaching people to fish and prepare the catch for the table. Brush up on your own basic fishing skills during hands-on activities and bring home guides to implement these programs in your community. Bring your own teaching tips to share!

Date: Wednesday, January 8, 2020

Time: 5 p.m. to 9 p.m.
